

# Special work chairs

for specific requirements

**WERKSITZ**  
establishes  
relationships

WERKSITZ in the  
sheltered workshop  
WfB-Augsfeld

**WERKSITZ**

## We know what really matters!

Ergonomic and work applicable special solutions

Working chairs shall suit the user and its field of application. The WERKSITZ modular system offers almost unlimited possibilities.

Individual requirements are always regarded as a challenge. The special WERKSITZ solutions have proved its worth in sheltered workshops for many years.

WERKSITZ-chairs are not only sold to sheltered workshops, some components are even manufactured there.

Werksitz chairs have proved successful in practice at WfB Augsfeld.

# Always well seated!

## WERKSTEP mats have been tested and they have proved successful many times

Preventative health protection with WERKSTEP workplace mats

Elastic WERKSTEP mats reduce the pressure of hard grounds, prevent muscle and limp pains and offer thermal insulation as well as slip protection. This is documented by ergonomic studies conducted by the Ergonomic Institute Munich.

## Footrests

Stable, black round tube structure, anti-slip foot plate, adjustable in height and angle.

Example model: WS 5050 Footrest

Example model: WS 5050 F Footrest with foot control
